[Cellular and Molecular Immunology - 9780323479783](#)

The first edition of the text of Abbas and Lichtman appeared in 1991 and has already undergone four revisions in order to try to keep up with the amazing growth of the subject. Like practically all immunology texts at this level, it has its own set of icons for the cells (they usually look like poached eggs) and proteins of the immune system to help students' understanding, and these are ...
