[Florida's 7 Wild Edible Plants - Fleet Farming](#)

There are many wonderful wild, edible, plants available in Florida. The first step is to get to know the plants. A field guide will teach you how to identify wild edibles and is essential to your new adventure. If you are lucky enough to know a veteran at harvesting wild edibles, like Dick Deureling, ask him or her to take you along on their next collecting trip.

Florida, and perhaps Hawaii, are among the most difficult states to learn about wild edible plants. That's the bad news. The good news is if you learn to do it in Florida everywhere else is very easy. Why is Florida difficult? Two words, climate and geography. Some 450 miles long Florida, has temperate plants to tropical. Sixty miles wide on the peninsula brings influence from both coasts ...

[The Best Regional Books for Plant Identification and...](#)

That the flowers and leaves are edible is confirmed by no less august authority than Dr. Julia Morton, who for most of her life was the final say on toxic plants in warm climates, such as Florida. In fact, she is one of the experts that authored the edible plant portion of the U.S. military's survival guide. I like the flowers. Boiled they are a mild in flavor.

[ENH971/EP146: Edible Landscaping+ - University of Florida](#)

This book is OK, but it needs a serious revision. The one plus of this book is that it covers a good number of edible plants without feeling boring or overwhelming. Many other books either have much fewer (ie 20-30) plants or are a true field guide (ie hundreds). From what I know, the other books with a similar count cover a much larger ...

[10 Florida Fruits You Might Not Know - Edible Orlando](#)

Although lots of plants are edible, not all are palatable and of course, some are toxic. For example, Chetelat says that while you can eat the young leaves of a willow, historically people have said that they would rather eat their own shoes. When foraging, remember that it is against the law to take plants from public land. Harvest, forage and propagate these edible wild plants from private ...
