Buying Guide - What Features to Consider Water Resistance and Durability . If you're taking a GPS out on your kayak, it's safe to assume that it is going to get wet. It might be a little splash-back from your paddle, or it might be a full-blown capsized. As most GPS systems aren't explicitly designed for paddle sports, it's always best to check to what level your GPS is water resistant. Most ...

The Garmin GPS Map 64 is the base model of the GPS Map 64 SC. It lacks some of the functions but comes in at such a great price. It doesn't come with BirdsEye subscription or basecamp mobile and also lacks some sensors which may be important to you. That's why it takes my #3 position. On the other hand, I really like the simplicity and ruggedness of the device. The buttons are easy to use ...
