

## KAWASAKI MULE ENGINE PROBLEMS

Dec 02, 2020

[Kawasaki Mule Engine Problems](#)

The Kawasaki Mule Pro-MX UTVs and the Kawasaki Teryx have both undergone different recalls owing to a variety of problems. The Kawasaki Mule Pro-MX UTV had a safety recall where it was possible that the vehicle might be susceptible to fire outbursts. The engine cooler hoses were not strong enough and might cause an oil leak. This increases the ...

Having problems with my 4010 mule surging. This is what I have finally found was causing it. Factory recommended cleaning and then changing throttle body which solved it for 1 week. The real problem appears to be the ethanol gas. We switched to non ethanol gas and after about a month the problem went away. Also ran some fuel injector cleaner through it. Looks like when buildup shows up on the ...

Problems with heat in the front cab of 2019 Mule Pro FXT Ranch. Heat comes from the engine compartment to the point you can't stand to ride in the vehicle. I know its not exclusive to my vehicle, because other people in my area with Mule FXT's have the same issue. This is obviously a problem... Kawasaki Questions

[Kawasaki MULE PRO-FX - Engine - YouTube](#)

With a 700cc class motor the Mule Pro-MX can hardly be described as a mid-sized machine, but that's got more to do with the chassis specs than engine displacement. The Mule Pro-MX is powered by a fuel-injected 695cc SOHC, 4-valve, four-stroke engine tuned for a broad torque curve. Remember, the MX is still a Mule and that means towing a heavy load at times. Mated to the engine is Kawasaki ...

The release of the 4WD MULE™ 3010, turf MULE 3020 and 2WD MULE 3000 marked the latest evolution in Kawasaki's MULE history. Powered by gutsy, liquid-cooled, 617cc, V-Twin engines coupled to all-new Continuously Variable Transmissions (CVT), they were some of the hardest working and most durable machines Kawasaki had ever produced. Radical new pick-up truck styling, improved ergonomics and ...

Our GT 245 Kawasaki engine has been a problem since day one. It sputters and stumbles and cokes the plugs. I clean the filter, use clean gasoline etc. As I said in a post under another heading: I have a 245DT that I think is a great tractor and I've had two other JDs that were good machines but I'm extremely disappointed with this one - add frustrated because I don't know how to fix it! mike ...
