[Year 6 Maths Differentiated Checklist \(teacher made\)](#)

This one-off Maths lesson is a great way of helping your class use what they know about number and calculations to solve problems. They will be given a target number and a set of four digits which they have to use in a variety of ways to form calculations that equal the target number. Some are easy but some are fiendishly tricky and will need knowledge of square and cube numbers, as well as ...

For Year 6, maths reasoning questions are usually the toughest SATs questions they encounter across the 6 KS2 SATs papers. Practice really helps, both in terms of the types of SATs reasoning questions that can come up, and in the skills needed to answer them. And we know you're always looking for practice SATs questions.
