14 Tips To Help Your Child With Special Needs Be Independent While achieving complete independence may not be a realistic goal for many individuals who have special needs, "independence" should be considered a spectrum, just like many physical and developmental challenges themselves.

[How to Teach Special Education Kids: 12 Steps \(with Pictures\)](#)

Great book on teaching independence skills to children with special needs. It appears to be designed for kids with mild intellectual disabilities but could be adapted for more severe difficulties or possibly other diagnoses like Autism Spectrum Disorders or ADHD. It is based on an ABA approach and is very clear and straightforward. Clearly written by people who have done this a lot! I'd ...

For all children, and especially those with special needs, achieving independence is an important part of the journey into adulthood. From the moment we wake in the morning, we go through certain tasks, known as "life skills." These tasks could include typical activities such as making the bed, performing bathroom routines, getting dressed, making meals, communicating and so many others.

[Steps to Independence - Teaching Everyday Skills to ...](#)

Frequently, children with special needs attend occupational or physical therapy. Those types of activities can be carried on at home during breaks as reinforcement. Some children do well alternating between 10-20 minute work periods with 5-10 minute of exercise. Others can handle 60 to 90 minutes of instruction followed by a 10-15 minute break. Experiment to find out the best routine for your ...

Teach Your Special-Needs Child Independence One of the most important tasks of parents is to teach their children to be independent adults. As much as I love my children, my goal in raising them is to eventually have them leave my home and make their own way in the world.

[Teaching Life Skills to Students with Special Needs ...](#)

If your child has special needs, focus on the progression of skills rather than the age at which a child is 'supposed' to be able to do something. It also helps to follow your child's lead. For example, if he likes to watch you wash the dishes and enjoys the soapy bubbles, you could start teaching him how to wash his hands.
