World War I occurred between July 1914 and November 11, 1918. By the end of the war, over 17 million people would be killed including over 100,000 American troops. The reason why war erupted is actually much more complicated than a simple list of causes. While there was a chain of events that directly led to the fighting, the actual root causes are much deeper and part of continued debate and ...
