You will learn very quickly that any paper documentation should be in permanent black ink— and don't spend a lot of dinero— they are frequently lost or contaminated in clinical areas. Get yourself a black Sharpie style marker, as well, for placing your initials and dates on dressings or labeling meds you have drawn up. As for highlighters— one of the best ways for visual learners is ...

### [How to Survive Nursing School: Tips for Nursing Students](#)

Studying drugs for nursing school can be overwhelming. There are mass quantities of drugs with difficult names, and you may feel like you are never going to learn them. One of the best ways to begin the studying process is to divide and conquer. Separate the drugs into groups by illness; for instance, memorize all of the drugs used for blood pressure first, and the drugs used for heart disease ...
